## Toddler runs for Britain

**TODDLER** Jennifer Wake has a long time to go before she can run in the Olympics — but that did not deter the three-year-old from doing her bit to back this year's athletes.

Jennifer joined big sister Suzanne, a pupil at Wykeham House School, Fareham, during the school's sponsored run at the week-end in aid of the British Olympic Appeal. She managed two laps of the 400-metre course at Bath Lane Recreation Ground.

More than 30 children took part in the event, which the school hopes will raise at least £500 for the appeal.
